

Thank you for applying to be a recommended installer for Discount Tire Direct.

Discount Tire Direct is the online entity of Discount Tire which has been doing business for over 50 years. We are America's largest independent tire and wheel retailer offering our customers a wide range of product choices, affordable pricing, and expert staff to assist with their purchase.

When buying tires and wheels online one of the biggest questions we get is where can I have them installed. We solved this by teaming up with quality installers around the country to assist our customers with their installation needs.

As a qualified installer for Discount Tire Direct, you'll have your business name, contact information and pricing information listed on our website to all customers searching in your area.

Becoming an installer not only provides a benefit to your business, but to customers as well and is a great opportunity to increase your customer base.

If you have any questions about the installer program please contact us at 888-216-0224.
